News & Notes... From the Business & Economics Liaison Librarian

Say Hello to Omni

Introducing Omni, the new academic search tool presented by OCUL. An outcome of OCUL’s Collaborative Futures initiative, Omni is powered by a collaborative system of team members and resources from 14 of Ontario’s university libraries. Omni users experience fast and easy access to a vast collection of diverse, high-quality, academic material, empowering them to confidently develop new insights in their areas of study, and succeed in their research goals.

Omni will go live on December 10, 2019; additional services will follow in 2020. Omni employs Ex Libris’s Alma library software system and Primo VE discovery system.

Say Farewell to the Library Catalogue and SuperSearch

The Brock Library Catalogue and SuperSearch tools will not be available after December 10, 2019. If you have any persistent links in Sakai pointing to books, ebooks, streaming video, or articles, these will need to updated with new links. If you have links to SuperSearch records, these will continue to work until December 31, 2019. However, Library Catalogue links will not work after December 10, 2019.
